

Park Ridge Park Park Ridge, IL

October 2021

LB3052 - #3476

This grand Low Pitch Beam 30' x 52' shelter creates a wonderful place for community gatherings at Park Ridge Park in Illinois. The shelter's wood is enhanced with a clear coat of sealer and the powder coated Railing Black connection plates create a perfect accent to the light wood.

Fireplace and gutters were completed by others.

Building Features:

- 1 coat of clear sealer*
- 8' eave height
- 3:12 roof pitch
- Fireplace & gutters by others
- Install date: Spring 2020

* Optional upgrades included in design
