

Youth Athletic Center

Elk River, MN

February 2022

2446 – CFP#3649

The Elk River Youth Athletic Center required additional restrooms per existing design criteria. Struggling to find affordable site labor, the customer selected a pre-cut and drilled stacked cedar timber structure by Cedar Forest Products to simplify construction.

Building Features:

- 4:12 – 9:12 dual pitch roof
- Nominal 2x common roof trusses
- Nominal 1x8 T&G pine ceiling decking
